BACKBAR X™

Combining great looks with the latest energy savings and cooling performance technology, BackBar X cabinets make a stylish addition to any bar.

SKOPE®

Refreshed.
Reworked.
Redesigned.

skope.com

Bar refrigeration has never looked so good

The BackBar series has undergone a facelift. The newly designed BackBar X features a sharper, seamless louvre blade design, while the doors have been upgraded to energy efficient, frameless glass, featuring new anti-condensation technology, and are equipped with sleek easy grip handles.

BackBar X offers far more than cosmetic changes. In addition to quieter operation, the range offers unrivalled energy savings and advanced design features to deliver optimal cooling performance.

BACKBAR X

Ultra-modern look

Quieter operation

Cheaper to run

Easy servicing

Long-life LED lights

An Exciting New Look

Ultra-Modern Look
Frameless glass doors with superior energy efficient anti-condensation technology, louvre blade design, and a new easy grip handle.

Long-Life Reliability
Solid engineering, quality materials and industrial grade powder coat finish, ensures your cabinetmaintains its appearance, product durability and high performance.

Easy Servicing
BackBar X has been designed for trouble-free operation; our easy service design allows quick access for cleaning and maintenance, minimising disruption.

Maximum Cooling Performance
Serve your customers a perfectly cold beverage every time due to our cleverly designed internal airflow system.

Quieter Operation
Create a comfortable service environment with our integrated hush kit.

Long-Life LED Lights
Premium quality LED lights for effective merchandising.

Storage
More internal space for product storage, reducing re-stocking time and increasing your selling time.

With SKOPE's Adaptive Design, you get greater flexibility to reflect an individual look.

SKOPE makes it easy to integrate bar refrigeration into your establishment with many customisable options available, including LED lighting options, wall or plinth mounting, a wide range of Dulux powder coated colour finishes, pass through, or specific dimensions that can maximise your available space to boost sales.

24%*

Energy Savings

BackBar X models now provide you with a quicker rate of return, saving up to $200 per year.

*24% less energy than the previous model. Based on 30 cents per kW, calculated using BB380X TEC - 5.811kW/24h

Door lock kit	Sliding doors

System overheat protection

Electronic controller with digital temperature display

Choice of two depths increases space-saving opportunities: Counterline series (CL) depth is 680mm, Slimline series (CC) depth is 600mm

Energy efficient, long-life LED lights and interior light switch

Available in white, black and stainless steel (additional cost applies on S/S)

CL400

SKOPE Cyclone™ refrigeration system

+1°C to +4°C in 40°C ambient (swing only), +1°C to +4°C in 32°C ambient (slide only)

Replaceable, long-life magnetic door gaskets

Adjustable legs (150 - 180mm) and swivel castors (115 - 180mm) for easy installation, positioning and relocation

Warranty
2 year protection
